

YEAR 12 WORK EXPERIENCE PROGRAM AT WALSALL ACADEMY

MEET THE TEAM

Walsall Academy strongly believe that skills developed outside of the classroom are of equal importance to those gained inside. Today's world of work is an ever evolving landscape and we cannot fully comprehend the challenges this will pose to students as they leave our school and either enter the workforce or move onto further study and training. Therefore we need to support our students in gaining valuable skills and experience that will allow them to adapt and thrive in this changing landscape.

Our Year 12 Work Experience programme is designed to help students to become career ready whilst also gaining an understanding of the skills they will need in order to become responsible and independent citizens when they leave us at Post 18.

The opportunities available to students whilst they study with us in Sixth Form are invaluable in supporting them and guiding them as they navigate their way to finding and securing their chosen destinations at the end of Year 13.

We have produced this guide to help parents understand the support available and the steps the students will need to take over the next 12 months as they move through Year 12 and into Year 13.

Mrs T Dingle
Director of Careers and Employability

In school every day 8:15 am – 5:15 pm

Contact via email tdingle@walsallacademy.com or telephone 01922 493910

Contact via email nrattenberry@walsallacademy.com or telephone 01922 493910

Mrs C Ward
Careers Co-ordinator

In school every day 9.00 am – 3.00 pm

Contact via email cward@walsallacademy.com or telephone 01922 493910

YEAR 12 WORK EXPERIENCE

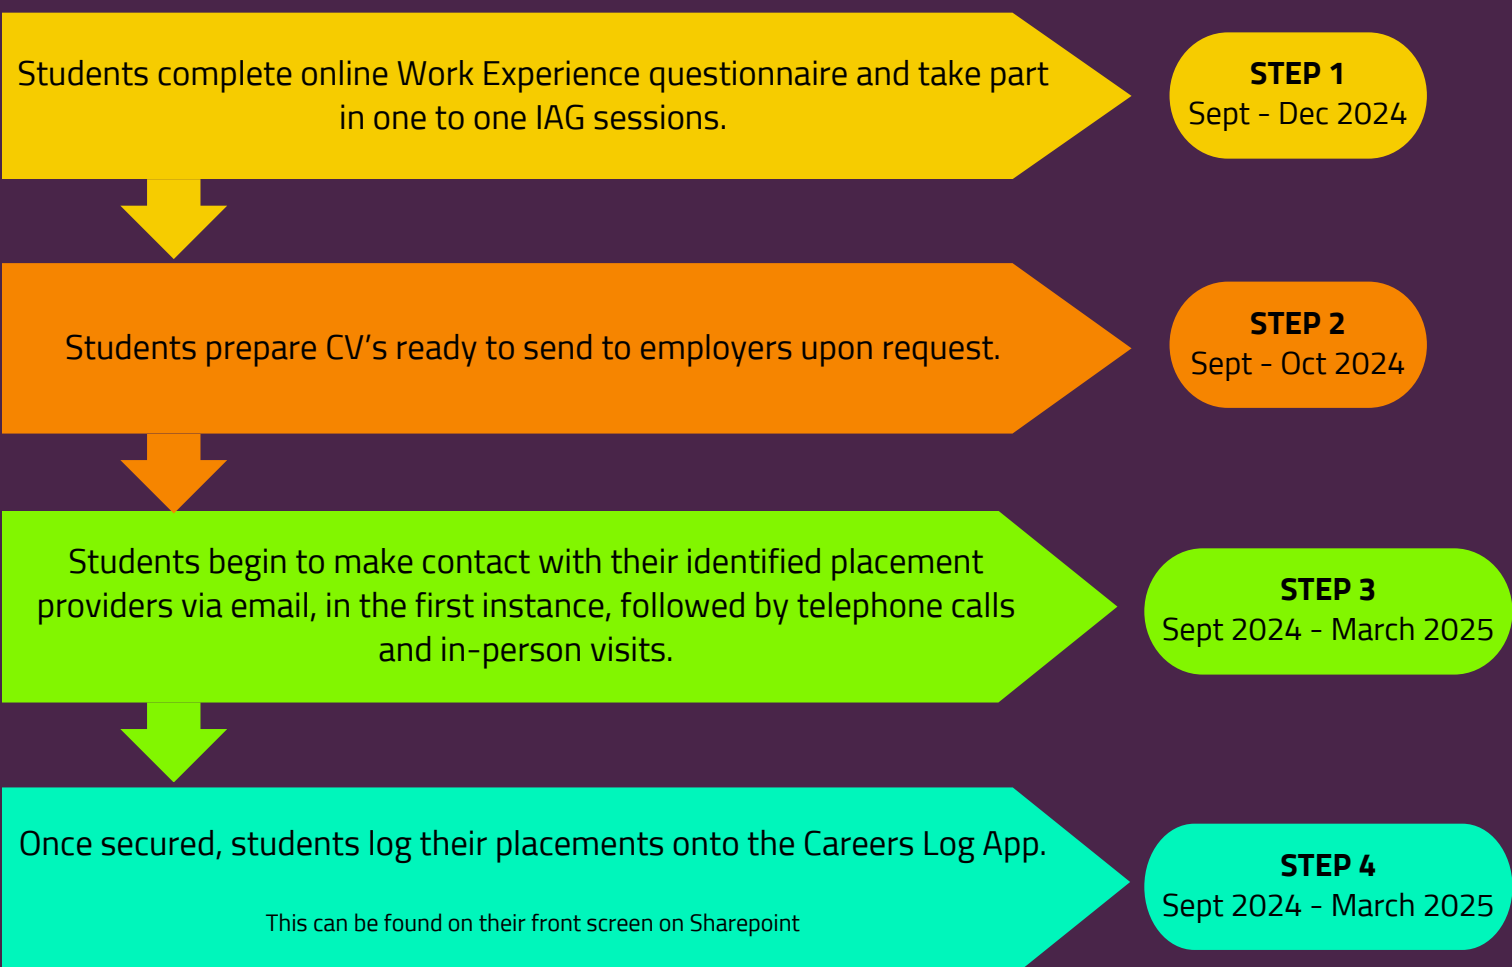

Monday 30 June – Friday 11 July 2025

All Year 12 students are required to find and secure their own work experience placements for the full two weeks.

During the Autumn term, all students will take part in one to one guidance sessions with a qualified Careers Advisor where their future career decisions will be discussed. At the end of this session the advisor will help students to identify a plan of action to follow in order to secure their placements for the following year. In some cases, students wishing to pursue careers in certain sectors may be asked to consider a more long term approach or the option of completing work experience outside of school term time. This is often because the demands of the sector and the workplace require an alternative approach to block placements. If this is the case, this will be discussed with your child during this meeting.

VIRTUAL WORK EXPERIENCE

Sign up here!

Speakers for Schools offer virtual high-quality work experience for every young person.
Click here to sign up for some of their fantastic opportunities!

<https://www.speakersforschools.org/vwex/>

Springpod offer experience with top employers and universities. An immersive introduction to working at some of the best employers in the world.

<https://www.springpod.com/virtual-work-experience>

Uptree is designed to help students get work experience, find apprenticeships and other opportunities, and begin their dream career.

<https://uptree.co/events/>

For some sectors, gaining in-person experience may be difficult and therefore the links above will help students to find online opportunities that are specific to the sector they would like to work in. However, these should only be used in moderation as they are not a suitable replacement for developing employability skills. Students accessing on-line virtual WEX will also be asked to source in-person WEX placements to sit alongside this.

YEAR 12 HIGHER EDUCATION AND EMPLOYABILITY WEEK

Monday 14 July – Thursday 17 July 2025

During the last week of the Summer term, Year 12 students will have the opportunity to explore their choices at Post 18. This week will involve visits to and from Universities and Training Providers all of which will help students to make informed decisions about what to do when they leave Walsall Academy.

Those who would like to go to university can attend information sessions and workshops designed to provide support with every aspect of the UCAS process. Parents and Carers are also welcome to attend during a twilight session to be held Monday 14 July at 6:30pm

Those considering apprenticeships can attend a mock Assessment Centre as well as masterclasses aimed at improving their job search and interview techniques.
